THIS IS A URGENT APPEAL FOR IMMEDIATE ACTION!

A Cry for Humanity, Immediate and Unconditional Release of the Captives!

October 7, a date etched in horror...

On that fateful Saturday, our world was shattered by an unspeakable act of terror. Hundreds of terrorists infiltrated our territory, breaking into homes, committing acts of unspeakable cruelty. Families were brutally murdered, burned alive, and beheaded. These heinous crimes were documented on mobile phones and shared on social networks, revealing the extent of the atrocities: murder, beheadings, rape, violence, and more.

Over 1,400 innocent souls, including women, men, children, babies, and the elderly, met a horrifying fate. Over 3,500 were injured, forever scarred by the events of that day. The survivors, having endured unimaginable suffering, were kidnapped without food, diapers, or the most basic necessities.

Our Requirement is Simple: Return the mothers, children, and babies to their homes immediately and unconditionally!

The kidnapped civilians include women who have suffered heinous sexual abuse, left without medical treatment. Babies and children, who witnessed their parents' murders, were torn from their homes without the most essential care. Disabled elderly, those struggling with dementia, and Holocaust survivors were taken without access to medicine.

The abduction of these innocent civilians is a clear violation of international humanitarian law, including the Geneva Convention under Article 3 and Rule 96 of the study on customary international humanitarian law of the Red Cross.

Our Message is Clear: Mothers and children are not bargaining chips! They must not be part of a prisoner exchange deal.

As women and mothers from around the world—Jewish, Christian, Muslim—we stand united, committed to leveraging all our strength and every tool at our disposal. Our mission is unwavering: to bring the abductees back to their homes immediately and without any conditions.

This is a cry for humanity, and we call on the international community to join us in this urgent and crucial endeavor. We cannot let these horrors persist. Our shared humanity demands action.
